## **DETAILED ACTION**

### ***Response to Arguments/Remarks***

1. Applicant's remarks, see page 5, filed Oct 27, 2005, with respect to claims 1, 3-4 and 6-11 have been fully considered and are persuasive. The objection of claims 1, 3-4 and 6-11 has been withdrawn.

### ***Allowable Subject Matter***

2. Claims 1, 3-4, and 6-11 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or suggest, alone or in a combination, among other things, at least a process for transmission of information in an existing UART system and its arrangement as a whole, the combination of elements and features, which includes the reduced data bits being reduced by 50% and the reduced stop and stop bits reduced by 25%, keeping the half duration of all reduced bits to the same place as they were in the unchanged message wherein the bits are not reduced, keeping the total duration of the message with the reduced bits and additional insertion bits as the total duration of the message with no reduced bits, the message coded according to the MIDI standard and UART standard as recited in the claims.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Edith M. Chang whose telephone number is 571-272-3041. The examiner can normally be reached on M-F.
